

Nationwide 4 day Motorcycle event benefiting Irish Neonatal units

WHEN

From 4th to 7th September 2025, travelling over 1500km visiting 14 neonatal Hospitals nationwide

OUR GOAL

Our aim is to have 50+ motorcyclists travelling around Ireland in a safe and enjoyable convoy, raising awareness & funds for Irish Neonatal units, whilst enjoying Ireland's countryside. Each participant must raise a minimum of €1500.00.

WHERE YOUR MONEY WILL GO

Biker's Ride Out for Prem's fundraise to buy much needed life saving equipment for Neonatal Intensive Care Unit's and Hospitals for sick Children.

Our 2019 Ride out raised €60,000.

The monies raised by you for this event will go towards the purchasing of this necessary and important equipment which will be personally delivered to the hospitals by you over the 4 Day event.

This is an amazing opportunity for Riders who have not experienced premature birth to visit the units and see first hand the amazing work that the doctors and nurses do, meet and chat with the parents whose child will benefit from the money you raised

Corporate packs are available if your company or employer would like to get involved by purchasing a piece of equipment and having their name on that piece of equipment or by sponsoring accommodation or fuel for the trip,

THE DETAILS

We will be visiting a number of cities and towns in various counties in Ireland, comprising of Louth, Cavan, Donegal, Sligo, Mayo, Galway, Cork, Limerick, Tralee, Wexford, Waterford, Westmeath and Laois.

The event is not a race, it will be safe and enjoyable for all those involved. It's run by professional motorcyclists and we plan to have Garda escorts when entering some town's and hospital's to ensure safety and to raise maximum awareness and publicity. For further information, please contact Mark on 086-2777336 or bikersrideoutforprems@gmail.com

Bikers Ride Out For Prems is a registered charity RCN: 20143671

Chairperson David Tannam, Secretary Mark O'Shaughnessy. Phone 0877165046/0419881863
